## Now you can shop in your closet and hers!

# Gerri's Closet

By Sandra Lee

Whenever I ask anyone to recommend a consignment shop, the first name that comes up is Gerri's closet. Gerri won the 2007 Akron Beacon Journal Best award and has won recognition in other publications as well, but there is no word like "word of mouth" and people are always bringing her name up to me. "You'd love her stuff!" they shout. Women know I have a passion for fashion and a tendency to shop too much. I often advise myself and my girlfriends to "Shop in your closet! You have lots of stuff in there!" But, girl, if you're anything like me, dressing up is one of the most creative and satisfying experiences of your life! And at Gerri's closet, I can indulge this passion without abusing my budget. Gerri has been stocking her consignment closet for fourteen years and doubled her size three years ago at her new location at 4195 Massillon Rd. in the Green Plaza in Green. Gerri started as a buyer and was in retail management. Her new location has taken her shop up a notch. You feel like you're in a fine boutique with high ceilings, a beautiful chandelier, a cool, hip style and a staff of fashion consultants who offer a unique level of customer service. Look for fashion shows and events on line and schedule shopping parties at the store.

This spring, Gerri is featuring great clothing, handbags, accessories, shoes, and small home décor items. Get on her e mail list and join me in shopping not only in our closets but in Gerri's huge, spectacular closet too.
